

"A Customer First Company" January 2018

Welcome to the January 2018 Edition of "On the Move"

Where Has Been Dubbed the Worst Single Traffic Hot Spot In the Nation?

Virginia has settled on a deal with Transurban to extend the 95 Express Lanes south toward Fredericksburg. In addition to this extension, there is enough money in the agreement to pay for an additional I-95 northbound bridge over the Rappahannock River. This project would extend the 95 Express Lanes 10 miles south of Route 610.

State officials say that the new extension will improve traffic flow in one of the most congested spots in the country.

Included in the project are seven new bridge structures, new express-lane access points and other improvements.

INRIX Roadway Analytics has dubbed I-95 between Washington and U.S. 17 in Stafford, the "worst single traffic hot spot" in the country.

All tolls will be electronic and will have the same type of pricing structure as the existing lanes. According to a Transurban spokesman the company anticipates that tolls on the extension will average between 50 cents and a dollar per mile.

The express lanes and other projects are part of the Atlantic Gateway. Virginia was awarded a \$165 million grant from the U.S. Department of Transportation in 2016 for Atlantic Gateway, a \$1.4 billion set of highway, transit and rail projects in the I-95 corridor.

Safe Driving Tips for When You Are in Fog

It is important to be ready for any type of weather condition. Here are a couple of tips for when you must drive in fog.

:

Slow down and allow extra time.

Make your vehicle visible by using your low-beam headlights since this means your taillights will also be on. Use fog lights if you have them.

Never use your high-beam lights. Using high beam lights causes glare.

Leave plenty of distance between you.

To make sure you are staying in the proper lane, follow the lines on the road with your eyes.

In dense fog, the best course of action is to turn on your hazard lights, then simply pull into a safe location such as a parking lot.

If there is nowhere to pull into, pull your vehicle off to the side of the road as far as possible.

Do You Have an Article You Would Like Featured in an Upcoming Newsletter?

If you have an article, information, or a photo you would like to share with our K&K riders in a future newsletter please feel free to contact Onika Williams at owilliams@ridek2k.com. We are always looking for information that would interest you. In addition, we would love to hear what is happening on your vans. Do you have any special celebrations or outings that you participate in? We can't wait to hear from you. All submissions will be reviewed, and a determination will be made on whether the information will be used.

K&K Connections January Birthdays

We would like to wish everyone born in January a very special HAPPY BIRTHDAY!
