A Special Reminder Concerning Driver Safety

We have noticed an increase in calls regarding reckless driving. Although we know that most of our drivers practice safe driving, we want to send out a friendly reminder about how important SAFETY matters to everyone that rides a K&K vehicle.

Please let's take a hard look at our drivers that tend to drive over the speed limit and remind them of their responsibility to everyone on their van as well as other drivers on the road.

Virginia has some of the strictest reckless driving laws in the nation, ranking 7th on a 2016 WalletHub study. Although you have the potential of being charged for reckless driving, more importantly this kind of behavior is dangerous and cost countless lives each year. Consider that in 2014, speeding was a factor in 28 percent of motor vehicle crash deaths.

Safety on our vehicles starts with you. Please make sure we are encouraging everyone to make this a priority.
