December 2011

Most Popular New Years Resolutions

Every December many people embark on the annual tradition of making New Year's resolutions. Having a fresh new start is extremely appealing to most and we thought it would be nice to show you some of the top resolutions according to usa.gov.

- Drink Less Alcohol
- Eat Healthy Food
- Get a Better Education
- Get a Better Job
- Get Fit
- Lose Weight
- Manage Debt
- Manage Stress
- Quit Smoking
- Reduce, Reuse, and Recycle
- Save Money
- Take a Trip
- Volunteer to Help Others

The great thing is if you are already commuting you can cross Save Money, Manage Stress, and perhaps even Managing Debt off your list. Why not tell a friend how commuting can help them to possible cross some resolutions off as well.

New Maximum Benefit for the Transportation Incentive Program

The \$230 maximum benefit established by the American Recovery and Reinvestment Act and extended under the Tax Relief Unemployment Insurance Reauthorization and Job Creation Act of 2010 is set to expire on December 31, 2011. The Internal Revenue Service (IRS) plans to publish an inflation adjustment to the original mass transit benefit amount in their November 7, 2011, IRS Bulletin. The inflation-adjusted, new maximum benefit for the Transportation Incentive

Program will be \$125 per month. This adjusted amount will take effect on January 1, 2012.

There is always the potential that Congress may take additional action to change the maximum benefit amount. Any congressional action will take effect at the next regularly scheduled distribution destinations.
